EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mark L. Maki on December 8, 2004.

2. The following changes to the drawings have been approved by the examiner and agreed upon by applicant:

A led line has been added for reference character 55 in Figure 3.

Reference character 67 has been added in Figure 5.

Reference character 56 has been deleted in Figure 6.

In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

3. The following is an examiner's statement of reasons for allowance:

The recitations of the specific features of the telescopic drive mechanism for the extendable living section of the recreation vehicle in claim 1 including especially the construction of the moveable rail comprising an outer channel which has a first thickness and defines an interior slot, and an outer channel which is nested within the interior slot and affixed to the outer channel, the inner channel having a second thickness which is less than the first thickness and having an inner wall which is spaced from an opposing outer wall on the outer channel and at least partially closes the interior slot such that the inner and outer channels have a
